

"Designer, optimist." – that's what it says on my business card. I enjoy working in all stages of the design process, but I'm at my best in a team with other driven professionals. Design, for me, is working together to make plans for improving the world, one project at a time.

Experienced in Solidworks, Photoshop, Indesign, Office, HTML and CSS

Basic knowledge of Illustrator, Maya, C++ and PHP

Proficient in the Dutch and English languages, both written and spoken.

Interests include science, human behaviour and motorsports

Based in Delft, the Netherlands
